

## APRIL FOX NEWS

The month of March provided the Foxes with lots of excitement. Emery was very excited about following the clues to the Leprechaun's gold. Ryan spent every morning on the piano keyboard. Cleaning the doll house and furniture as part of our spring cleaning was one of Macie and Christina's favorite activities. Brendan has been sharing his knowledge of dinosaurs and sharks. We will be exploring these interesting creatures later in the spring and summer. Liam has rediscovered the writing center and has spent many mornings writing notes and cards. Dante enjoyed learning about Ireland and all things Irish because he has let us know that he is part Irish. Irish dancing was a big hit for Greyson; he could really move those feet. Destiny and Bailey were very conscientious about keeping track of their healthy habits on our chart. Every day Hayden asked how I was doing on putting our quilt together, and I'm happy to say that it is finished and will start to visit your homes next week.

The Week of the Young Child is April 22-28. We always try to make this a special week for the Foxes. We will visit some friends at the college to celebrate with Hugs and Kisses (the Hershey kind) after they were so kind to us at Halloween. Start thinking about that favorite hat to wear on hat day 'cause it's Hats Off to Kids! We will have a "bring your favorite game or toy day" and end the week with a walk to get a cool treat! There will be more details later.

Other themes or units that we may explore will be a continuation of the weather if the interest is there. Easter will provide lots of exploration with eggs, birds, flowers, and maybe lead into farms. As usual, we will see where the Foxes' interests lie.

Since we are having some very changeable weather, be sure to dress your child to be as comfortable as possible when outside. You are welcome to leave a sweatshirt here that they can use for an extra layer for chilly days. Remember as you are changing coats, sweaters, and jackets for the spring, mark those names. The new items aren't as familiar looking to the children or the teachers and we can get them mixed up!

**Happy Easter and  
Happy Spring!**
